2 Onboarding Epical, Integration

2.1 Welcome to Epical!

To make it easier for you to remember what you will learn during your first days at Epical, we have gathered information that will make your everyday life easier and to get you on track as an efficient Epical consultant. Take your time and do not hesitate to ask your team manager, buddy, and/or teammates if you have any questions.

During your first day you will receive your computer, mobile and office access card (tag).

2.2 Office

A site engagement representative or your team manager will go through routines around access, alarms, emergency exits, fire and emergency procedures, visitor procedures, office supplies, regular mail, lockers, kitchen, and everything practical that you need to know concerning the office.

2.3 Computer

Your computer is your working tool, and, in this document, you will find guidance on how to navigate the workspaces that we at Epical use.

3 Your first days at Epical

3.1 Day 1 – Introduction day

Something about me: What will I do here at Epical and where: This is how you would recognize me: This is a super skill I've have: This is a lesson I want to share/my philosophy: The best memory impression of Epical this far:
16:00	Register your time in Unit4 ERPx, with help from your team manager.

3.3 Day 3 – Networking day

Breakfast 08:15

Meeting with a teammate

Discuss and familiarize yourself with each other and:

- Navigating Epical Intranet
- Where to find Work tools and business applications
- Self-Service Portal
- Email, Calendar and Teams

When to use what media, how to book a meeting room and what Teams to be a part of

- Epical Office Templates, segment 5.9.

Order yourself a phone cover and screen protection.

In segment 5.3.2 we will show you how to use the Expense report.

Meeting with your buddies

Discuss and familiarize yourself with each other and:

- Unit4 ERPx – Time report
Register your working hours, ask your colleagues how they do their time reports. Your first days should be reported as Admin, more information in segment 5.3.2.
- Unit4 ERPx – Expense report
Get help from your colleague to write the expense report for the phone cover and screen protection, more information in segment 5.3.2.

Check out Epical Stories – on Intranet

Check tomorrow's schedule and book your meetings.

Register your time in Unit4 ERPx

3.4 Day 4 – Epical consultant day

Update your information in Unit4 ERPx

<https://epical.sharepoint.com/sites/EpicalClinic/SitePages/Home.aspx>

Log in go to personnel Information.

Go through all pages and make sure that your personal data is correct and add your next of kin under contact information.

Carlson Wagonlit Travel (CWT) – Travel agency and policy

Read the travel policy carefully. Call CWT and they will set up an account for you.

Write your consultant resume.

[Consultant CVs \(sharepoint.com\)](#)

Look how other consultants have described themselves and their knowledge. Create your own profile using the template. Upload your resume to your BA's area.

Meeting with a teammate and talk about:

- Ask for feedback on your consultant resume.
- Get to know the tools and our best practices used in your profession
Power BI, Azure DevOps, Visual studios, etc.

Familiarize yourself with the Epical story

Read the company presentation and get to know our company

Building your own brand at Epical

Familiarize yourself with Epical's Communication and Social Media Guidelines, segment 5.8.

All Epical consultants are welcome and encouraged to share Epical contents.

- Follow Epical on your social media of choice.

Check tomorrow's schedule and book your meetings

Report your time in Unit4 ERPx

3.5 Day 5 – Planning day

Book meetings

Meetings with the different business unit managers within your Business Area will be set up in your 2nd and 3rd week at Epical, together with your team manager. Before these meetings make sure you watch the introduction videos in Learn course XX.

Get to know the external webpage

<https://www.epicalgroup.com/>

Read the customer stories.

Lunch and Learn

Plan and book Lunch and Learn session, 20 minutes with your teammates, present a topic that you find interesting within your work area.

Plan and book a visit with a teammate preferably at your teammate's customer site.

4 The coming weeks

You will be shadowing a colleague for the coming weeks, assisting them in their assignment. At the same time, you will take classes in the learning portal and having check-ins with your team manager.

Your team manager will invite you to an overview of our way of working with development plan and performance reviews.

HR is going to invite you to a session with them as well.

5 Guiding material

5.1 Set up your phone

- For internet access you need to sign into our guest network:
Wi-Fi: Epical Guest
Password: XXX
- Create contacts for your team manager and teammates.
- Download Outlook and the other apps that you might need from Microsoft:
Authenticator, SharePoint, Excel, Word, PowerPoint, Office and Teams.
- Other apps that you might need are; Yammer, Slack
- Set up Intune on your mobile. Instructions are found [here](#).
- Record a voicemail message according to Epical's communication guidelines, segment 5.8.

5.2 Set up your workstation

If you have any problems in this segment – call Service desk.

- Connect your workstation to a network cable when starting up your workstation for the first time.
- To get a good start – change your password in the browser (portal.office.com) on a colleague's computer.
(Make sure that the browser doesn't save the password)
- Start up and sign in
- Call service desk and get help with the following:
 - Set up your own user admin account and password
 - Activate the VPN
 - Add picture to Microsoft account
 - Add your mobile phone number to active directory
 - Set up Printer
- Start OpenVPN on your computer.
- Install and sign into Office 365.
- Install and sign into Microsoft Teams & Microsoft Onedrive
- Consider if you need to install Slack or other applications
- Set up Multi-Factor Authentication, instructions are found [here](#), (Microsoft account sign in).
- Create your email signature, following Epical Standard
Read our communication strategy and when it comes to the emails – always think first: Can I use another channel, chat, Yammer, or Teams call or phone call? Then use that instead.

5.3 Intranet

<https://epical.sharepoint.com/>

Epical's primary internal channel is the intranet. The landing site of the intranet includes all must-know news for Epical consultants in English. This is where you get your company wide information, information about different areas and units of Epical and of course your working tools.

Familiarize yourself with the intranet pages and add it to your favourites.

Read "New at Epical" carefully *Intranet > Employee Center > Onboarding > New at Epical*.

5.3.1 Employee handbook

Intranet > Employee Center > Workplace > Employee handbooks and FAQ

Here you will find information about working hours, the role of consultants, competence development and personnel care.

5.3.2 Work tool applications and where to find them

Intranet > Work Tools

Applications you will use frequently are:

Time and Expense report in Unit4 ERPx

<https://epical.sharepoint.com/sites/EpicalClinic/SitePages/Home.aspx>

Yammer – Internal networking

Intranet > Working tools > MyYam / Yammer

Epical uses Yammer for enhancing collaboration and dialogue. Here we share information about our areas of expertise, ask questions and write weekly newsletters.

Learning Portal, Engagement Pulse, conversations and objectives

Unit4 Talent management (U4TM)

<https://epical.sharepoint.com/sites/EpicalClinic/SitePages/Home.aspx>

MyOrders

Working tools > Self-Service Portal

This is Epical's tool for ordering work materials such as computers, mobile phones etc. If you order something here, the order goes to your manager for approval, no need for expenses.

Benify (Sweden)

Work tools > Benify

In Epical4you you find your pay slip. If you have receipts for wellness allowance, this is where these should be accounted for. There are also many offers and discounts for Epical's employees, e.g., in wellness.

In Epical4you / Benify you will find information on:

- Where to register your health benefit (up to 3500 SEK per year)
- Discounts and offers
- Company benefits
- Salary specification

Office 365

<https://portal.office.com>

The Office portal is used to access all O365 applications via web browser. It also provides access to the web variant of the Epical-mail.

5.4 Staffing and planning

To keep track of what is planned (external and internal assignments and holidays) for each colleague we are using Unit4 ERPx. The goal is to have at least six months planned, if not so, the consultants managers will start to look for assignments.

5.5 Time and Expense report

<https://epical.sharepoint.com/sites/EpicalClinic/SitePages/Home.aspx>

Weekly

Time report is preferably done each day and the requirement is that its saved latest period end (normally Fridays) at 17:00 CET for the week. Make good and neutral comments that is easy to understand and can be shown to a customer.

Monthly closing

On the last working day of the month your time report must be completed, saved as Ready latest 17:00 CET. The Work orders (WO) that you can report towards is managed by the respective team managers (internal) or engagement owners (if external – towards customer). If something is missing, contact the respective party to solve that as soon as possible.
